

MCC®

Forward facing jaw allows direct access in the tightest of spaces!

CornerWrench™

Have you ever struggled reaching for or grabbing for a piece of pipe/nipple/valve/fitting in a tight space?

HERE IS YOUR SOLUTION TOOL!!

Have you ever had to dig a hole around a pipeline just to operate a traditional pipe wrench?

HERE IS YOUR SOLUTION TOOL!!

Have you ever ended up cutting or breaking a wall just to repair a pipe?

HERE IS YOUR SOLUTION TOOL!!

Application Example:

- ✓ Pipe in trench
- ✓ Inside water meter
- ✓ Pipe against wall

Offset Handle Pipe Wrench with:
- **The Most Compact Head Design**
- **Ratchet Action - Swiveling Head**

MADE IN JAPAN

Jaws made of high carbon alloy steel with a careful heat treatment provides a long life span with tight grip.

Ratchet like action jaw frame. Because the frame swivels, you can get your job done quickly even in tight spaces.

I-beam structure for both light weight and strength.

Materials to be used

- Pipes & Nipples
- Nuts & Bolts
- Valves
- Caps

Product Features

- 90 degree offset handle and compact head design allows you to reach any tight spaces; allowing you to grab pipes/nipples/nuts, which saves you time by avoiding making room for an ordinary pipe wrench.
- The most compact movable jaws. No jaw-end comes out from the frame versus ordinary offset pipe wrench. The more compact it is, the more room you can get to work with. Look at the compact movable jaw versus the ordinary offset wrench shown in the figure to the right. MCC designed the most compact head so that nothing would obstruct your operation in tight spaces.
- Spring loaded jaw frame provides a ratchet like action for quicker operation in tight spaces, which allows you to keep tightening/loosing pipes in tight spaces.
- Size adjustment can be done very quickly by turning a worm gear.

Different sizes & types handle are now available.

Forged Steel Handle

Forged Aluminum Handle

Cast Aluminum Handle

| Model No. | Size | Capacity [Nominal Pipe Size] | Weight |
|-----------|------|------------------------------|---------|
